

**JOB DESCRIPTION: Site Manager / Construction Supervisor – General Building Works**

**Company:** Pierre Brunet Entreprise Générale (PBEG)

**Location:** Port Vila, Vanuatu (assignments across the national territory)

**Contract:** Permanent – Long-term commitment

**Availability:** Position to be filled immediately

---

**MAIN RESPONSIBILITIES:**

- Organize, plan, and supervise general construction works (all trades).
  - Manage multicultural teams and coordinate the different work packages (structural, finishing, and technical trades).
  - Oversee the technical, financial, and quality aspects of projects in direct collaboration with management.
  - Handle procurement and ensure proper execution of in-house production works.
  - Ensure compliance with deadlines, quality standards, and safety regulations.
- 

**PROFILE SOUGHT:**

- Hands-on, technically driven professional with solid experience in managing all-trade building projects (minimum 8-10 years).
  - Ability to work independently and make on-site decisions.
  - Highly organized, rigorous, and strong leadership skills.
  - Skilled in team management and communication with various project stakeholders.
  - Prior experience in a general contracting company is highly valued.
- 

**REMUNERATION:**

- Attractive salary based on skills and experience.
  - Potential career growth into project management roles.
- 

**APPLICATION:**
